
School Of Education Observation Sheet

National College of Art and Design
A Recognised College of University College Dublin

Student Teacher Name : Kelly Sheerin

Date Of Observation : 28/08/2024

No Of Observation : 5

Subject (Practical/Theory) : woodwork

Class Profile/Details : 2nd year

Duration of Lesson : 1 hour

Focus of Observation :

How a teacher manages students around dangerous tools/materials

Reflection :

This teacher took a similar approach to safety and use of equipment as the metalwork teacher, they tend to do a lot of similar things so that students know what to expect in each class and will behave similarly in each room, also to avoid confusion.

This teacher was less strict about things in comparison to the metalwork teacher, granted this lesson did not involve using as dangerous machinery as the metalwork class did. This class was also a lot smaller and generally more organized so behavior issues did not arise as much.

The student/number allocation system was implemented in this class as well and it again was very successful.
